AUDITORS' REPORT

We have examined the accounts of the Selectmen, Town Treasurer, Tax Collector, Town Clerk, Library Treasurer, Trustees of Trust Funds, Road Agent, Municipal Court and Fire Departments and find them all well kept and vouchered. We certify that the total payments made by the Overseer of the Poor agree with the total amounts received from the selectmen.

We have examined all stocks, bonds, notes, bank books and balances and found them all as their several reports show.

LIBRARIAN'S REPORT

The Librarian of the Winchester Public Library herewith presents her annual report to the voters of the town of Winchester.

During the past year 246 new books were added to the shelves by purchase or gift. The total circulation was 15,622; fiction 8,578, non-fiction 1,883, juvenile 3,283 and magazines 1,878.

In line with the trend of all libraries toward reduced circulation, ours has had a drop of 809 books. This averages about 3 books less each library day.

The greatest change and the one we were reluctant to make was made January 19th in the library hours. Because of shortage of fuel caused by the severe cold weather of December and January and also because of the cold so very few used the library late in the evening, the hours were changed to 2-6 on Tuesdays and Thursdays, and 2-7 on Saturdays. The former hours will be resumed after May 1st.

The library has a wider significance today than ever in providing material of special interest in connection with many phases of the war.

Last summer about 200 books were collected from people interested and sent to the U. S. O. clubs for the use of the soldiers and sailors.

I quote from an address by Lord Elton, "In this grim struggle we are not going to come through merely because we have tanks and aeroplanes; we are going to come through because we have courage and ideas and faith and intelligence, and for all these we need books. Books are in fact weapons of war."

Respectfully submitted,

LOUISE L. JOHNSON,

Librarian.

WINCHESTER DISTRICT NURSING ASSOCIATION REPORT FOR 1942

To the Executive Council and Town of Winchester:

I hereby submit the following report:

Number of free cases,	3

The success of the Health Program for the past year is due to the splendid cooperation of each individual in the town. While my activities did not start until April 1, the Misses Barbara Gilman and Dorothy Bowman worked faithfully for the interest of the community.

The weekly infant and pre-school clinics were conducted at the District Nursing office from 2.30 to 4 o'clock. An average of eight children attended.

A successful dental clinic was conducted during May and June and 115 children received treatment by Harvey Grimes, D. D. of Keene, N. H. The clinic was held at the District Nursing office daily from 9 to 4.30 p. m. Members of the Executive Council assisted with the work. Mrs. Emily May gave much of her time and assistance to this work. Plans are now under way to conduct another clinic in the near future.

The annual well-child conference for children from six months to six years was held July 7th, 1942, at the E. L. M. Memorial Community House under the direction of Mrs. Lucille Marshall from the State Board of Health. Forty-five children attended this conference and were examined by Dr. Louvane Fox and Dr. Ludwig Mendelson. Thirty children received the Diphtheria Toxoid at this time. The result of these examinations were discussed with the respective parents by the physicians. The outstanding defects in this group were, defective tonsils, abdominal hernia and a few heart conditions. Many of these defects have been corrected or are being treated by the family physician. An annual physical examination by your physician may prevent a serious illness. Health in war time means VICTORY.

An average of 60 children at the Center School purchased one-half pint of pasteurized milk daily which was delivered by Wheeler & Taylor Dairy Company, Keene, N. H.

From time to time clothing has been donated for distribution among deserving children and families all of which were gratefully received.

The monthly meetings called by the State Department of Health were attended whenever possible in Concord, as were the School Nurses' conferences attended at Keene Teachers College.

During the year conferences were held at the District Nursing office with the Association Council members, Public Officials, Social Workers, Nurses and Public Health Supervisors. All of these meetings were conducted for the purpose of improving our health program.

At this time I wish to thank the members of the District Nursing Council and the people of the town of Winchester for their assistance and kind cooperation.

Respectfully submitted,

LENA UEHLEIN, R. N.

HEADMASTER'S REPORT

I hereby submit to the Superintendent of Schools the annual report for Thayer High School.

Junior and Senior High enrollment:

Grades	Latin	Commerce	Dom. Arts	Agri.	M. T.	Totals
12	14	15				29
11	11	12	6			29
10	7	21	3	3		34
9	5	18	3	12		38
8			26		12	38
7			22		33	55
Totals	37	66	60	15	45	223

The total enrollment in the senior high school in September was 130, junior high 93, making a total of 223. Due to the large number to be transported from Ashuelot and large classes at the Ashuelot School, the opening of another room at that school resulted in the transfer of eleven of our junior high pupils back to Ashuelot.

There were three changes in the high school faculty with the opening of school in September. Miss Josephine Connor, a graduate of Boston University, replaced Miss Gertrude Hayes in the English Department. Miss M. Virginia Gamester, a graduate of Mt. St. Mary College, Mt. Holyoke, and Radcliffe, replaced Miss Eileen Carlson in the Latin and French Department. Miss Edith Fish, a graduate of Bridgewater Normal and the University of Maine, replaced Miss Marie P. Donahoe in Social Science and junior high Mathematics. Miss Carlson and Miss Donahoe went to larger schools and Miss Hayes was married during the summer.

Mr. Dwight Jennings, after several years of efficient work as janitor, accepted a position with the New England Box Company. Mr. Frederick Gately took over the work at the beginning of the year.

In the fall, the girls in the senior high homemaking classes had charge of the foods booths at the F. F. A. fair. As yet, the money received has not been used, but that from the previous year was spent for pyrex dishes for the department. It is our plan to add something permanent or valuable to our department each year.

One of the class projects carried on by the Junior-Senior group was the framing of about three dozen pictures of graduation classes, athletic teams, and other school organizations. These now make an interesting display in the lower hall of our building.

Because of the overcrowded conditions, the Homemaking II class has been able to have only about half its usual laboratory work in Cooking, and will work under an equal handicap in clothing construction. The laboratory work has been supplemented with classes in cooking theory, both being conducted at the same time, making adequate supervision difficult.

The annual Future Farmers' Fair was successfully held October tenth, with a record attendance. While interest among the local farmers was as high as ever, lack of transportation seriously handicapped the boys in obtaining the usual number of exhibits. However, through the interest of Mr. William Kelly, who loaned a truck, we were able to overcome this problem.

There were twelve teams entered in the horse pulling contest. We were pleased to be able to offer fifty-five dollars in prizes in this contest. We are most grateful to Mr. Hiram Bolton and Mr. Fred Ingham for their interest and aid in making the contest a success. We wish to express our gratitude to Mr. Winfred Burbank and others who gave generously of their time to assist us in putting on the fair.

The boys, wanting to do their part in the war effort, have collected over thirty-five tons of scrap since September. Mr.

Harvey Jack of the Wood Flour, Inc., made a very fine gesture in offering some heavy obsolete machinery to the boys to salvage. Since much of this iron was high grade, the boys realized over \$200 on the project, which money, Mr. Jack suggested, should be used for educational purposes.

The classroom study has emphasized dairy and livestock enterprises this fall, with the spring semester devoted to poultry, farm crops and gardening.

The farm shop work has been limited to minor farm repair jobs and woodworking. The now important work of repairing farm machinery had to be totally neglected because of lack of space and equipment.

Both students and teachers have been and are contributing much time to the various war activities as the calls come. These calls have been so numerous, it would be difficult to list them. The present war emergency will mean some changes and adjustments in the school program in order to give those students in the upper classes some fundamental training in the skills they may be called upon to use when they take their places in the war effort. The longer the period of emergency, the more radical these changes will become.

As a matter of record, there follows a copy of part of the commencement program presented by the class of 1942 and the class roll.

REPORT OF SCHOOL NURSE

To the Superintendent of Schools and to the School Board of the Town of Winchester:

I hereby submit the annual report of the school nursing work for the year 1942.

There were 385 visits made to the schools during the year. An effort was made to visit the schools daily as in this way it was found that illness and communicable diseases could be more easily controlled. With the exception of the annual school physical examinations and assisting the doctors, the school visits included individual and classroom inspection, consultations with individual students and conference with teachers, treatment of minor injuries, check on daily attendance, health talks and health supervisions.

The annual physical examinations of students were conducted soon after the opening of the fall term. Dr. Louvane Fox examined the students in the elementary schools while Dr. Ludwig Mendelson attended to the students at the High School.

The results of these examinations showed that the outstanding defects were: defective teeth, cardiac disease and diseased tonsils. A real effort is being made to have these defects corrected insofar as it is possible. It was discovered that 17 children had not been vaccinated although they attended school. In accordance with Public Laws, Chapter 112, all but four children were vaccinated before returning to school in January. The remaining four were excused for other reasons.

One needs to be constantly on the alert for we are now living in a world where disease can become rampant. The very recent epidemic of small pox in Pennsylvania shows that we can have epidemics in this age.

It was found that many of our children in our lower grades had not been immunized against diphtheria. We, therefore, urge parents to take this preventative measure.

During the school year, sixty children at the Center School purchased one-half pint pasteurized milk daily which was delivered by Wheeler and Taylor of Keene, New Hampshire.

The months of May and June were selected for the correction of dental defects among the children of our schools and 115 children took advantage of this clinic, the work being done by Harvey Grimes, D. D., of Keene, New Hampshire. It is our hope that this work may continue in the Spring.

During the year children were taken to Dr. Eades and Dr. Ford for eye examinations, also to the Orthopedic Clinic and Tonsil and Adenoid Clinic at Elliot Community Hospital, Keene. Visits to doctors' offices have been made for injuries and infectious skin diseases.

With the cooperation of Mr. F. A. Hopkins of the Public Service Company of New Hampshire, school rooms were surveyed for the purpose of better lighting facilities. After a careful study of the situation by Public Service engineers, recommendations were made and approved by the School Board. Such corrections will definitely aid in conserving the vision of the children while at work in the classrooms.

I would like to stress the importance of keeping children at home who have symptoms of communicable diseases or infectious colds. This is particularly important for children who travel to and from school by bus.

Health in wartime means Victory.

School health conferences were attended under the supervision of the Health Supervisor of the State Board of Education.

At this time, I wish to thank the Superintendent of Schools, the School Board, doctors, teachers and parents of the community for their close cooperation and assistance in this all important health program among our children.

Respectfully submitted,

LENA UEHLEIN, R. N.

SUPERINTENDENT'S REPORT

To the School Board and Citizens of Winchester :

I have the honor to submit my fifth annual report.

Teachers: The Winchester schools opened in the fall with four new teachers in the classrooms. During the summer, resignations were received from Miss Marie Sullivan of the Center School and from Miss Marie Donahoe, Miss Gertrude Hayes, and Miss Eileen Carlson of the Thayer High School. During the early fall, Mr. Norman Mason, principal and teacher of the Center School, resigned and Miss Flora Edwards, teacher of the third grade resigned in early February.

The Superintendent and School Board succeeded in filling all of these vacancies before school opened as well as the vacancies arising since school opened in September.

Mrs. Elizabeth Piper was elected to teach the fourth grade; Mrs. Jennie Bennett to teach the sixth grade and Mrs. Grace Weeks to teach the third grade.

For replacements in the teaching staff of the Thayer High School, your attention is called to the report of the Headmaster.

Mrs. Gracia Toof was appointed by the School Board to be Principal of the Center School.

Mrs. Eileen Little was elected teacher of the sixth and seventh grades at the Ashuelot School. This position was made necessary because of the overcrowding of the lower grades in the Ashuelot building and by the congestion existing on the school bus from Ashuelot to Thayer High School. It was necessary to assign all Ashuelot pupils attending the seventh grade at Thayer High School to the Ashuelot School as a temporary expedient for the present year.

Buildings and Repairs: The usual repairs and painting were done in the buildings during the summer under the direc-

tion of Mr. Jennings and Mr. Hyde. It was found necessary to replace the flat roof at the Thayer High School building. The School Board was very fortunate in obtaining the services of the L. H. Ufford Company of Bellows Falls in this connection. This repair job was excellently done.

Attention should be given, as soon as conditions permit, to the artificial lighting in all three of the Winchester buildings. A survey made by the School Nurse with the light meter indicates that most of the school rooms do not meet standard artificial lighting conditions as set forth by school authorities.

The Center School heating plant installed a year ago has proven its efficiency during the cold weather of this winter. Glass window ventilators have been purchased for all the rooms thus permitting the entrance of fresh air to the rooms without the discomfort of drafts.

In August, Mr. Dwight Jennings, Thayer High School janitor, submitted his resignation in order to accept private employment. Mr. Jennings had served the district well during his period of service and it was with regret that his resignation was accepted. To fill the vacancy, the School Board appointed Mr. Frederick Gately of Winchester.

All three of the janitors, Mr. Gately, Mr. Hyde and Mrs. Laberge, have devoted long hours to their duties and their work has been well done as can be seen by the excellent physical condition of their respective school buildings.

Instructional Activities: Special attention is being given this year to Spelling and Arithmetic in the grades and high school, and as a result of standard tests given in the fall, a definite program has been arranged in order to improve the attainments in these fields.

It is planned to give each senior in the high school the Vocational Inventory developed by Curtis G. Gentry, Director of Guidance in the Public Schools of Knoxville, Tennessee. This inventory has been widely used by counsellors and employers in judging a pupil's fitness for employment in eight different fields of employment.

WAR TIME SCHOOLS

Salvage: All schools participated in the salvage drive during the fall and a large amount of material was collected and sold. The details of the "drive" for the high school building was given in the report of the Headmaster.

War Savings Stamps and Bonds: The purchase of war savings stamps and bonds started last year has continued with enthusiasm through the months of this year with a great deal of success. It is with a great deal of satisfaction that I am able to report that the purchase of bonds and stamps at the Thayer High School has nearly reached the grand total of \$5,000 since the first date of purchase.

Rationing Program: All the teachers, many of the high school students, as well as numerous out-of-school volunteers have participated in issuing ration books for sugar, gasoline, fuel oil and kerosene during the past spring and summer and are again to participate in the distribution of War Ration Book No. 2 during the week beginning February 22.

In conclusion, I wish to express my appreciation to the pupils and teachers, to the School Board and to the parents and patrons of our schools for their loyalty and cooperation.

Respectfully submitted,

CHARLES W. WALKER,

Superintendent of Schools.
